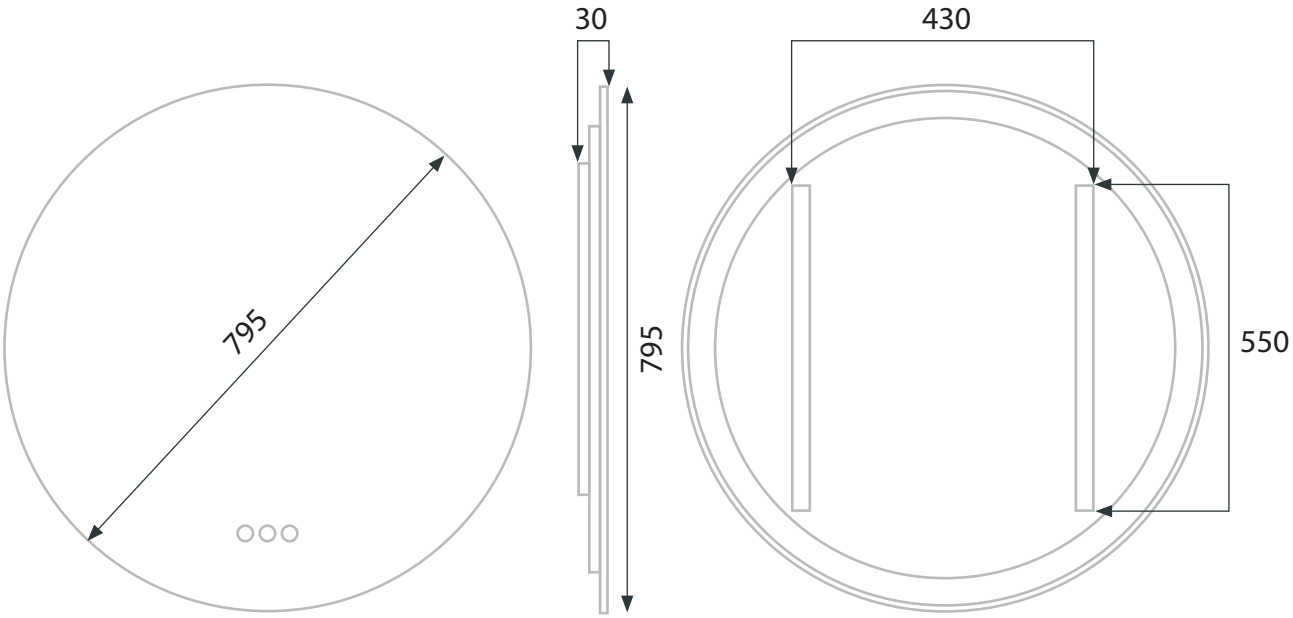
LED MIRRORS

EURO MIRROR by RADIANT

AURA OLËK – 80



The AURA range of LED mirrors are crafted for both luxury and functionality, featuring energy-efficient, high-output LED lighting seamlessly built into the back of the mirror. This clever design softly illuminates the mirror's frame, creating a sophisticated shadow line that adds depth and ambience to any space.

Keep your mirror fog free and customise it according to its use, such as applying makeup, brightening up a dull bathroom, creating ambience, or for use as a nightlight.

FEATURES

- Framed
- Depth from wall to front of mirror: 30mm
- IP44
- Demister
- Three different light colours: warm light, natural light and white light
- Warranty: 5 years
