RADIANT AUSTRALIA WARRANTY

The warranty covers the cost of repair or replacement of the cable mat, but does not cover any remedial work such as the replacement of tiles. In the unlikely event that a fault cannot be traced or a cable cannot be repaired a refund equivalent to the original purchase price may be offered.

For the warranty to be valid the following conditions must be fulfilled:

- The installation must be made in accordance with the Installation Manual.
- The electrical contractor license number must be recorded on the Warranty Registration form.
- The Warranty Registration form must be completed and returned by post or uploaded to our website, using the on-line warranty registration form at ***https://www.radiant.com.au/support-warranty-registration/***
- Photographs of the installation prior to screeding/tiling must also be included.

Radiant Australia thermostats are covered by a 2 year manufacturer's warranty from the date that they are purchased.

In the unlikely event of a fault please contact **Radiant Australia on 08 9302 4140**
